Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

The Royal is made from the most highly refined and wholesome ingredients, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is cheaper at its price than any similar article.

Samples of mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food, and in many cities their sale is prohibited by law. Alum is a corrosive poison, and all physicians condemn baking powders containing it.

INTERESTED IN IRRIGATION

Eastern People Drop their Opposition to Reclamation of Arid Lands.

H. B. Maxson of Reno, Nev., Secretary of the National Irrigation congress, was in Omaha today while returning from Chicago, where he had been attending a meeting of the executive committee of the congress. Arrangements were inaugurated for the tenth annual session of the congress, which will convene in Chicago in November.

Colonel Maxson spent much of the time while in Omaha in consultation with officials of the Union Pacific, who have at all times taken a lively interest in all matters pertaining to irrigation, and have given substantial aid to all enterprises of a legitimate promising character.

"The question of irrigation," said Mr. Maxson, "is being viewed in an entirely different light from that of a few years ago. The National Irrigation congress has been in session nine times and has succeeded in creating a genuine interest in the subject which is of such great importance to the west. The pre-eminent success that has crowned our efforts is in arousing the east from a disposition of opposition to a point of co-operation in attaining necessary government aid in the reclamation of the vast arid district of the west."

"Heretofore the east seemed disposed to believe that the fertility of the west, made possible through irrigation, would add competition to the farming industry of the east, and consequently opposed irrigation. Now, however, we have shown the eastern people that if the west is transformed from an arid region into a vast productive, fertile territory there will be a largely increased population and a consequent increase in business for the eastern manufacturer. This will increase the commerce of the eastern cities and enlarge the resources of the west. In Nevada, for instance, there are 73,000,000 acres of land and only 47,000 people. Were this land made fertile through the agency of federal storage reservoirs it a population would be increased immeasurably."

"The officers of the National Irrigation congress are more than pleased with the hearty support Omaha, through its commercial club, is giving our efforts to secure a government appropriation of money to be used for the propagation of irrigation. We have great hopes that we will be successful and the benefits result to the entire west cannot be easily appreciated nor conceived."

FROM VERDI AND VICINITY

An Interesting Letter Concerning Matters Up the River.

The New Railroad.

It has finally been decided to make Boca the connecting point for the Loyalton Lumber Company's railroad. Some twelve miles of the Sierra Valley railway's track will be taken up and moved so as to connect near Loyalton with the Loyalton road. This will make an outlet for the vast amount of timber through which these two roads will run. Captain J. H. Roberts of Sacramento, who is Vice-President of the Verdi Mill Co., figures prominently in the enterprise.

Soon to be in Operation.

Verdi's telephone exchange will shortly be in operation. A number of subscribers have been secured and Superintendent Kearns spent Friday in Verdi completing arrangements.

School Trustees.

The candidates for school trustees, short term, have dropped out until now but three remain in the field, whose names are George Christensen, W. Hastings and J. E. Southerland. H. F. O'Connor has no opponent for the long term.

Verdi Coal.

Several hundred pounds of Verdi coal will soon be shipped to San Francisco for experimenting purposes, there being several uses to which it can profitably be put.

SHORT ONES.

Last Sunday was Reno day in Verdi, there being about as many Reno people here as Verdi residents.

The dramatic club will leave Saturday for Loyalton, where they appear Saturday evening.

Mrs. Irene La Forge is visiting Mrs. Montz.

Owen Stackpole, operator at Keswick, is visiting his folks. He will return to work about June 12th.

Two Deaths.

Mrs. G. L. Lord of Waupaca, Wis., died at the home of her daughter, Mrs. J. C. Lewis of Anoka, Wis., April 25, 1900.

Mrs. F. F. Wheeler died at her home in Waupaca, Wis., May 20, 1900.

Both were sisters of Mrs. E. C. Sessions of Reno, Mrs. C. H. Eastman of East Oakland, Mark Parish of East Oakland and Jacob D. Parish of Winters, Cal.

Attention, Ladies.

Uncle Collis Arrives in Reno

Last evening about 7:45 the palatial train of C. P. Huntington and party pulled into Reno. It was some little time before an interview could be gained with the great U. R. magnate, but late in the evening he granted an interview with several of Reno's most prominent citizens.

Uncle Collis seems greatly pleased with his little business trip to the south of us, and stated that in the course of six months or perhaps a year's time the Southern Pacific Company would extend a branch road, or cut off to Mojave.

This cut will take in the V. & T. and C. & C. to Keeler, thence through the desert country of southern California to Los Angeles.

Reno will reap her benefit of good things from this new project. Of course she will not be a terminal point, properly speaking, but an increase in population, business will boom, and Reno will have every opportunity to make for herself a reputation as a live metropolis.

Huntington's train leaves for San Francisco early this morning. He goes away pleased with every prospect. Reno is left in a state of great expectation that will undoubtedly be fulfilled.

The Normals Entertain.

To the graduate normals this reception and ball was tendered, and the party will be remembered as one of the most pleasant affairs of the season.

It was one at which every normal girl attends gowned up in her handsomest ball dress, one where the male students have naught to do but dance and refresh himself with good things—all provided by the normal under graduates.

Some 200 guests attended the ball, and in the grand march 70 couples tripped airily in the wake of Professor Emery and Professor Thurtell—leaders of the march. The big gymnasium resounded with soft strains of music and the sweet laughter of fair women until an early hour this morning. It is the aftermath of examination week that fills a student's life with fondest recollections.

A Colored Episode.

Bella Wilkes, colored, and her son, were arrested not long since for a thing known to Indians. She had a dusky beau go her bail, and by the shades of night she skipped, leaving her bondsman twenty golden dollars poorer.

Said the shabbily treated darkey: "I stands by de color of dis yere nigger race, but dis particklar colored lady she done leave me standing alone." Thus are the best of us often misused.

G. A. R., Attention!

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at S. J. Hodgkinson's Drug Store; every bottle guaranteed.

Slow Suicide.
A source of great evil among all workers is the widespread habit of eating a hearty meal hurriedly when the body is in a state of exhaustion. Too often, alas, the evil is enhanced by the fact that the food is innutritious, badly cooked and clogging in itself. This is one species of slow suicide, causing a long train of evils which are usually attributed to overwork. Now, it were better to go without food than to take it under these conditions. Your dog knows better than to eat when he is tired, and if you will watch him you will notice that he is always reluctant to be anted into play after eating. Left to himself he will take a nap, or at least drop care for awhile and rest. Humanity might raise its standard of health by following the example set by the instincts of the brute creatures.—Health Culture.

No Right to Ugliness
The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at S. J. Hodgkinson's drug store.

Remarkable Cure of Rheumatism.
KENNA, Jackson Co., W. Va.
About three years ago my wife had an attack of rheumatism which confined her to bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. A Scotch scheme.
The following appears in a Glasgow paper. It would be interesting to know whether it has led to business. If so, the supply of grand pianos in Scotland must be considerably in excess of the demand.
"Lady having large drawing room would gladly store grand piano in return for use; references given."—London Truth.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be means of saving other lives. For sale by Wm. Pinniger.

A Long Way Afterthought.
"That was a pleasing afterthought of yours," remarked the old preacher who had listened to a sermon by one of his youngest brethren, "when you drop upon the analogies of nature to prove the immortality of the soul."
"An afterthought?" said the younger clergyman in some perplexity.
"Yes. You thought of it about 2,400 years after Socrates."—Chicago Tribune.

ASSESSMENT NOTICE.
OFFICE ON THE PEOPLE'S DRAIN
Ditch Company, a corporation, with its principal place of business Reno, Nevada. Notice is hereby given that at a meeting of the Board of Trustees of the People's Drain Ditch Company, held at their office in Reno, Nevada, on April 25, 1900, an assessment of \$1.00 per acre per share was levied upon the capital stock of the company payable at once to the Treasurer of the company, at the Bank of Nevada, at its office in Reno, Nevada. Any stock upon which this assessment shall remain unpaid on Saturday, May 20, 1900, shall be declared delinquent, and will be advertised and sold at public auction, to pay such assessment, cost of advertising and expenses of sale; provided, however, that land drained by this ditch, not represented in stock, shall pay (\$1.00) one dollar per acre per year in advance.
By order of the Board of Trustees,
S. E. KIRBY, President.
Attorn: W. B. MOYER, Secretary.
